

Material Safety Data Sheet

TOPCOAT.

Page 1(5)

NO.: MSDS2024000181

Revision Date: 02.01.2026

1) Chemical product and Company Identification

Product name: Water.base.topcoat

Trade name: Water base paint finish coat

End Uses: Decorative wall

Manufacturer/Supplier:

Foshan City Nanhai Wanlei Building Paint CO., LTD.
No.12 Songxia Industrial Area,Nanhai,Foshan,China
Telephone: +86-757-81760676
Fax: +86-757-85227712
E-mail: rita@fswanlei.com

Emergency telephone number: +86-13823401617

2) Composition/Information on Ingredient

Chemical	CAS No.	Weight(%)
Water	7732-18-5	43.50%
acrylic emulsion	9003-01-4	50.00%
auxiliary	25265-77-4	6.50%

3) Hazards Identification

Potential Health Effects

Eye: May cause slight irritation.

Skin: May cause skin irritation.

Ingestion: Irritating to mouth,throat and stomach..

Inhalation: May cause respiratory tract irritation.

Chronic: No anticipated effects.This product does not contain regulated levels of NTP, IARC or OSHA listed carcinogens.

Primary route(s) of entry: Skin contact,inhalation,Ingestion,Eye contact.

4) First-aid Measures

Eyes: Flush eyes with plenty of water for at least 15 minutes. Get medical aid. Gently lift eye lids and flush continuously with water.

Skin: Flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. Flush skin with plenty of soap and water.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cupfuls of milk or water.

Material Safety Data Sheet

TOPCOAT.

Page 2(5)
NO.: MSDS2024000181
Revision Date: 02.01.2026

Never give anything by mouth to an unconscious person. Get medical aid.
Wash mouth out with water.

Inhalation: Remove from exposure and move to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical aid.

5) Fire Safety Measures

General Information: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear.
Extinguishing Media: Use dry chemical, carbon dioxide, water spray or alcohol-resistant foam.
Flash Point: N/A
Autoignition Temperature: Zero ignition.
Explosion Limits, Lower: N/A
Upper: N/A
NFPA Rating: (estimated) Health: 1; Flammability: 0; Instability: 0

6) Accidental Release Measures

General Information: Use proper personal protective equipment as indicated in Section 8.
Spills/Leaks: Absorb spill with inert material (e.g. vermiculite, sand or earth), then place in suitable container.

7) Handling and Storage

Handling: Wash thoroughly after handling. Use in a well-ventilated area. Avoid breathing dust, mist, or vapor. Avoid contact with eyes, skin, and clothing. Keep container tightly closed. Keep away from heat, sparks and flame.
Storage: Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from incompatible substances. Keep out of reach of children.

8) Exposure Control and Individual Protection

Engineering Controls: Local exhaust ventilation may be necessary to control any air contaminants to within their TLVs during the use of this product.

Personal Protective Equipment

Eyes: Wear appropriate protective eyeglasses

Skin: Wear appropriate protective gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements or European Standard EN 149 must be followed whenever workplace conditions warrant respirator use. Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.

Revision Date: 02.01.2026

9) Physical and Chemical Properties

Physical state: Paste
Colour: White
Odour: Odorless
PH Value: Not available
Boiling Point: 202 deg F
Flash Point(Closed cup): N/A
Automatic Combustion: Zero ignition.
Explosion Limits, Lower: N/A
Upper: N/A
Vapour Pressure: N/A
Density: Not applicable
Partition Coefficient(n-Octanol/water): Not available

10) Stability and Reactivity

Chemical Stability: Stable under normal temperatures and pressures.
Conditions to Avoid: Long term exposure to elevated temperatures.
Incompatibilities with Other Materials: Strong oxidizing agents.
Hazardous Decomposition Products: Carbon monoxide, acrid fumes.
Hazardous Polymerization: Will not occur.

11) Toxicological Information

Product Dermal LS50: No information.
Product LC50: No information.
Product Oral LD50: No information.
Other Information
This product does not contain regulated levels of NTP,IARC or OSHA.
Existing Health Conditions Affected by Exposure-No known effects on other illnesses.

12) Ecological Information

Environmental Effect: Regarded as dangerous for the environment.
Relevant Eliminating Data(durability and degradation degree): Not available.
Biological Accumulation of Potential: No data available on bio accumulation.
Liquidity: Not available.

13) Disposal Considerations

All disposals must comply with federal,state,and local regulations.

14) Transport Information

Land

UN-Number Not Regulated (Not dangerous goods)

UN proper shipping name Not Regulated (Not dangerous goods)

Transport hazard class(es) Not Regulated (Not dangerous goods)

Packing group Not Regulated (Not dangerous goods)

Sea(IMDG/ IMO)

UN-Number Not Regulated (Not dangerous goods)

UN proper shipping name Not Regulated (Not dangerous goods)

Transport hazard class(es) Not Regulated (Not dangerous goods)

Packing group Not Regulated (Not dangerous goods)

EmS Number Not applicable

Remark: Not subject to the IMDG Code(Amdt 38-16).

Air(IATA/ICAO)

UN-Number Not Regulated (Not dangerous goods)

UN proper shipping name Not Regulated (Not dangerous goods)

Transport hazard class(es) Not Regulated (Not dangerous goods)

Packing group Not Regulated (Not dangerous goods)

Remark: Not subject to IATA DGR(60th, 2019).

Transport Labels and Signs

Not applicable.

Environmental hazards

Marine pollutant No

Precautions for transportation

No special precautions required

15) Regulatory Information

TSCA (Toxic Substance Control Act)

OSHA(Occupational Safety and Health Adminsitration)

CERCLA(Comprehensive Response Compensation, and Liability Act)

SARA(Superfund Amendments and Reauthorization Act)

RCRA(Resource Conservation/Recovery Act)

The classification of dangerous chemicals and marks

Dangerous commodity name list

16) Additional Information

Abbreviations and acronyms

GHS	Globally Harmonized System of Classification and Labelling of Chemicals
CAS No.	Chemical Abstracts Service Number
IMDG/IMO	International Maritime Code for Dangerous Goods/ International Maritime Organization
IATA/ICAO	International Air Transport Association/ International Civil Aviation Organization
LC50	Lethal concentration, 50 percent.
LD50	Lethal dose, 50 percent.
EC50	50% effective concentration
BCF	Bioconcentration factor
NOEC	no observed effect concentration
LOEC	Lowest Observed Effect Concentration
OECD	Organisation for Economic Co-operation and Development
IARC	International Agency for Research on Cancer
STEL	STEL (Short Term Exposure Limit).
TWA	Time-weighted average
IDLH	Immediately Dangerous to Life or Health concentration
POW	Partition coefficient Octanol: Water
MAC	Maximum allowable concentration
PC-TWA	Permissible concentration-Time Weighted Average
PC-STEL	Permissible concentration-Short Term Exposure Limit
TLV-C	Threshold limit value-ceiling
TLV-TWA	Threshold limit value-time weighted average
TLV-STEL	Threshold limit value-short term exposure limit
